# About GarageKing

**At Garage King, we believe your garage should be more than just a place to park the car or store clutter.**

We design and deliver custom garage storage solutions that transform underutilised spaces into organised, functional environments built around the way you live. From premium cabinetry and shelving to complete garage fit-outs, every solution is tailored to maximise storage, improve usability, and create a space you'll be proud of.

With decades of industry experience and thousands of successful installations across Australia, Garage King has become a trusted name in garage storage. Our modular systems are designed for flexibility, durability, and long-term performance, helping homeowners, builders, and developers create garages that work harder and look better.

Whether you're creating a family storage hub, a workshop, a home gym, or a premium garage retreat, our team will guide you through the entire process — from design consultation through to installation.

## Our Promise

We don't just sell storage products. We create intelligent garage spaces that add functionality, improve organisation, and unlock the full potential of your home.

***Garage King — Where Space Becomes Storage.***

# Why GarageKing?

**At GarageKing, we believe the garage should be an extension of the home—not an afterthought.**

We've been designing and delivering premium garage storage solutions for homeowners, architects, builders and developers who value quality, organisation and thoughtful design.

Every project is tailored to maximise space, improve functionality and create a garage that works better for everyday life.

- ✓ Australian owned
- ✓ Modular, durable and customisable
- ✓ An investment in your home
- ✓ 1.2mm high-strength reinforced steel
- ✓ Professional installation available
- ✓ Designed for Australian homes
- ✓ Three-year warranty

# From Concept To Completion

Our simple 5 step process makes creating your ideal garage seamless and stress-free.

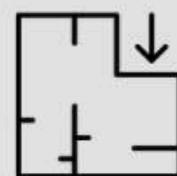

1

## Free design consultation

We visit, measure and discuss your space and storage needs to create the perfect solution.

2

## Custom garage layout

Receive a tailored design and quotation created specifically to your needs.

3

## Manufactured & supply ready

Ready for dispatch, your storage system is expertly manufactured, and quality checked before leaving our warehouse.

4

## Professional installation

Our experienced installers fit everything with precision and care in just one day.

5

## Enjoy your new garage

Step back and enjoy a beautifully functional and organised garage that's built to last.

# Real Garage. Real Transformation.

This GarageKing installation combines secure cabinetry, stainless steel work surfaces, wall storage and overhead shelving to create a highly functional garage environment.

Designed around the customer's lifestyle, every component works together to maximise storage, improve accessibility and keep the space organised for everyday use.

- 1 Tall Cabinets
- 2 Stainless Steel Work Bench
- 3 Wall Systems
- 4 Overhead Storage
- 5 Shelving System

# Before /After

The difference isn't the size of the garage. It's how it's configured.

By combining intelligent storage design with premium steel storage systems, we help homeowners unlock the full potential of their garage and create a space that works harder every day.

# The GarageKing Difference

Australian owned and designed for real-world garage environments. GarageKing systems are made from reinforced steel, combining strength, durability and smart functionality. Every component is engineered to work together, creating a storage solution that performs today and adapts for the future.

01

## PREMIUM STEEL CONSTRUCTION

### AUSTRALIAN OWNED AND DESIGNED

Manufactured using premium steel for superior quality, consistency and long-term reliability.

### 1.2MM REINFORCED STEEL

Engineered from 1.2mm reinforced steel to deliver exceptional strength, stability and load-bearing performance.

### HAMMERTONE FINISH

A durable textured coating that helps resist chips, scratches and everyday wear while maintaining a premium appearance.

### VERSATILITY

Modular storage solutions designed to adapt as your needs change, making it easy to expand or reconfigure your garage over time.

02

## CABINET COLOUR & FINISH

Grey Hammer Ripple colour creates a refined, architectural look across the entire GarageKing range.

The subtle textured hammertone finish helps hide everyday marks while giving every cabinet, shelf and accessory a consistent, premium appearance.

03

## MATERIALS & COMPONENTS

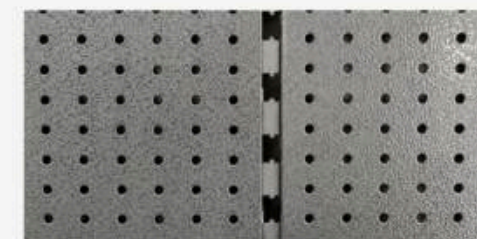

### LOCKABLE HANDLES

Secure lockable handles help keep valuable tools and equipment protected while maintaining a streamlined appearance.

### ADJUSTABLE SHELVING

Fully adjustable shelving allows you to customise storage heights and maximise available space.

### INTERLOCKING PANELS

Precision-engineered panel construction increases rigidity, strength and overall system durability.

### EXTRA STRENGTH & SAFETY

Reinforced construction and wall-fixing options provide added stability and confidence when storing heavier items.

## OUR SYSTEMS

# A System That Adapts

Our modular system gives you flexibility without compromise. Shelving, cabinets, workstations and accessories integrate seamlessly and can evolve as your needs change.

View the full product range online

**01**

### Cabinets

Premium storage for a cleaner, more organised garage.

**02**

### Shelving

Heavy-duty storage designed to maximise space.

**03**

### Work Benches

Built for projects, repairs and everyday use.

**04**

### Wall Systems

Keep tools organised and within easy reach.

**05**

### Accessories

Flexible storage that completes your system.

READY TO GO

## Ready Made Kits

Transform your garage with a premium GarageKing Storage Kit. Built from ultra-durable, reinforced steel with a low-sheen charcoal hammertone finish, each modular system delivers exceptional strength, lasting protection and a refined, architectural look.
